14 SEER_{R22}

Air Conditioner High Efficiency Electric

Save energy, save money.

Our air conditioners have a 14 SEER rating* to provide exceptional cooling performance. They are designed to help you use less energy than units installed as recently as five years ago.

Make yourself comfortable.

Concord air conditioners quietly cool your home for the ultimate comfort. Compressors have fewer moving parts for dependable, quiet operation, while the precision-balanced direct drive fan sends hot air and noise up and away from your home.

Built to last.

Attractive louvered panels protect coils and are easy to service, while the compressor is designed for reliable and efficient money-saving performance. Factory-installed liquid line filter driers protect the compressor from contaminants. The corrosion-resistant cabinet is built from strong, heavy-gauge prepainted steel and has drain holes to quickly remove standing water from the base pan before corrosion can start.

Rugged and reliable.

Every Concord 2AC14 unit is tested for leaks and proper operation at the factory to ensure quality performance when you get it home. Each unit is backed with a 5-year limited parts warranty and a 10-year limited compressor warranty. **

Unit Dimensions

Model Number	Width (Inches)	Depth (Inches)	Height (Inches)
2AC14(B,L)18P-1A	30	30	25-1/2
2AC14(B,L)24P-1A	30	30	25-1/2
2AC14(B,L)30P-1A	30	30	33-1/2
2AC14(B,L)36P-1A	30	30	33-1/2
2AC14(B,L)42P-1A	30	30	41-1/2
2AC14(B,L)48P-1A	30	30	41-1/2

B=non-louvered units

Specifications

- R22 refrigerant
- 14 SEER or up to 15 SEER when matched with a variable speed indoor section*
- 1-1/2–4 tons nominal capacity
- Quiet, durable compressor is safeguarded by internal pressure relief valves and inherent thermal protection
- Two coil guard protection options available:
 - Louvered panels provide full metal coil guard ("L models")
 - Hail Guard® screen protects from fin damage ("B models")
- High-quality condenser coils use copper tubes with enhanced louvered fins for maximum heat transfer capability
- Permanently lubricated condenser fan motor requires no annual maintenance
- 10-year limited warranty on compressor and 5-year limited warranty on parts**
- Designed with ease of service in mind featuring a hinged control panel for simple access to internal components
- Angled service valves are positioned to allow easy access with low-loss fittings and are set for direct and straight line-set access to the home
- Liquid line filter factory installed
- Charged for 15 feet of line-set
- All models ETL-, ETL-C-, and ARI-listed
