# 80 AFUE

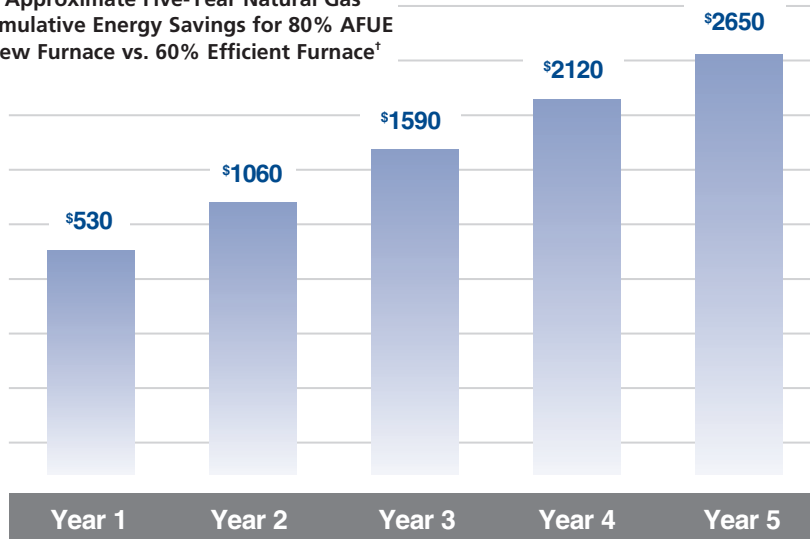

## Gas Furnaces Mid-Efficiency

### Homeowner Features

- **80% AFUE** available in dedicated upflow and multi-positional upflow/horizontal, horizontal/downflow configurations for lower operating costs<sup>†</sup> and ease of installation
- **Each unit is backed** with a 10-year limited warranty on parts and lifetime limited warranty on the heat exchanger<sup>††</sup> (with product registration) for greater peace of mind
- **Robust heat exchanger design** featuring aluminized steel for long life and safe operation
- **Low NOx** versions available to meet lower emissions as locally required

Approximate Five-Year Natural Gas Cumulative Energy Savings for 80% AFUE New Furnace vs. 60% Efficient Furnace<sup>†</sup>

<sup>†</sup> Cumulative gas usage savings based on 2008 National Residential Retail Average Natural Gas price of \$1.35 per thousand cubic feet, per US Department of Energy. Based on 100,000 btuh inputs and assuming 60% AFUE for existing unit. Actual costs may vary on systems settings, equipment installation and maintenance, duct system, local climate, local utility rates and hours of operation.

<sup>††</sup> Warranty provides for a total of 10 years of limited warranty coverage (Standard 5-year limited parts warranty plus an additional 5-year limited extended parts warranty). Warranty must be registered within 60 days to qualify for 10-year coverage. Unregistered equipment defaults to 5-year coverage. Lifetime limited heat exchanger warranty applies to registered equipment only (Standard 20 years with no registration). See full warranty at [www.alliedair.com](http://www.alliedair.com) for terms, conditions and exclusions.
